[.NOKIA TLD Domain Name Terms & Conditions](#)

This .NOKIA TLD Domain Name Terms and Conditions (.NOKIA TLD T&Cs) sets out the terms and conditions governing the registration and use of domain names in the .NOKIA Top Level Domain.

The .NOKIA TLD T&Cs may be updated periodically, without prior notice. The current version can be found at nic.nokia, and continued registration or use of a .NOKIA domain name after any update constitutes acceptance of the current version. The only remedy in case of any disagreement with the current terms of the .NOKIA TLD T&Cs is to cancel your domain name registration.

The .NOKIA TLD T&Cs are to be read in conjunction with the .NOKIA TLD Registration Policy. No other agreements or representations supplement or alter the terms of the .NOKIA TLD T&Cs, except as expressly incorporated herein.

Any undefined capitalised term in the .NOKIA TLD T&Cs shall have the meaning set out in the ICANN Registry Agreement applicable to the .NOKIA Top Level Domain, available at <https://www.icann.org/resources/agreement/nokia-2015-01-08-en>.

General/Definitions

Abuse Point of Contact means the .NOKIA Top Level Domain's abuse response team, which can be contacted at abuse_nokia@valideus.com.

ICANN means the Internet Corporation for Assigned Names and Numbers.

Identical Match means that the domain name consists of the complete and identical textual elements of a Trademark Clearinghouse-validated trade mark. In this regard, marks which would be identical to Trademark Clearinghouse-validated trademarks but for the following amendments qualify as Identical Matches: (a) spaces contained within a mark that are either replaced by hyphens or omitted; (b) only certain special characters contained within a trade mark are spelled out with appropriate words describing it (“@” and “&”); (c) punctuation or special characters contained within a mark that are unable to be used in a second-level domain name may either be (i) omitted or (ii) replaced by a hyphen and still be considered Identical matches; and (d) no plural or “marks contained” (i.e., “brandx” in “brandxproducts”).

Nokia (or “we” or “us”) means Nokia Corporation.

.NOKIA means the .NOKIA Top Level Domain.

.NOKIA TLD Registration Policy means the .NOKIA Domain Name Registration Policy which sets out the eligibility criteria for domain names in the .NOKIA Top Level Domain

.NOKIA TLD T&Cs the .NOKIA Domain TLD Terms and Conditions which sets out the terms and conditions governing the registration and use of domain names in the .NOKIA Top Level Domain, and which incorporates, as relevant, *Nokia's Service Terms*, which are incorporated herein, and which are available at <http://company.nokia.com/en/terms>

Registrar means a party through which a .NOKIA domain name must be registered. A registrar must be accredited with ICANN.

Registry Services Provider means the entity providing back-end technical and operational services for the .NOKIA Registry.

Top Level Domain means the final characters after the dot in a domain name; in the case of “nic.nokia”, this is “nokia”.

Trademark Claims means the process whereby notice is given to a prospective domain name registrant concerning the scope of the rights of a trade mark owner whose mark is an Identical Match to the requested domain name, and whereby the prospective registrant warrants that: (i) they have received notification that the mark(s) is included in the Trademark Clearinghouse; (ii) they have received and understood the notice; and (iii) to the best of their knowledge, the registration and use of the requested domain name will not infringe the rights that are the subject of the notice. If the domain name is registered subsequent to the notice being issued and the registrant attesting to its non-infringement, the Registrar or the Trademark Clearinghouse will notify the mark holder(s) of the registration.

Trademark Clearinghouse means the central storage repository of validated (authenticated) trade mark rights-related data and information for dissemination with respect to trade mark rights protection mechanisms and other registry-related services mandated by ICANN and currently run by Deloitte.

You or your means an individual or entity seeking to initiate registration of a .NOKIA domain name, or if allowed, the domain name registrant).

Terms used in the singular or plural are merely for convenience, and shall apply mutatis mutandis, as the context may require.

All communications and information under this .NOKIA TLD T&Cs shall be in English.

Registration Terms & Conditions

By submitting a request to register a .NOKIA domain name, or by asking us to maintain or renew a .NOKIA domain name registration, you agree to the following terms and conditions:

- you have read and understood, and agree to be bound by the .NOKIA TLD Registration Policy and .NOKIA TLD T&Cs
- you warrant and represent that you meet the .NOKIA domain name registration eligibility criteria
- you warrant and represent that you are legally capable, and authorized to enter into an agreement for a .NOKIA domain name registration
- you acknowledge and agree that all .NOKIA domain name registrations are, and shall irrevocably remain, the sole property of Nokia and that any attempted transfer, delegation, or assignment to any third party may be considered void ab initio
- registration of a .NOKIA domain name merely provides you with a temporary, revocable, and non-transferrable license to register or use that domain name, and you agree that all .NOKIA

domain name registrations are made for the benefit of Nokia in furtherance of its goals and operating principles

- you agree that Nokia's Whois data requirements require you to provide your complete, accurate, and current contact details in order to undertake a .NOKIA domain name registration; you also agree that, pursuant to its contractual obligations to ICANN or for any reason determined appropriate in its sole discretion, Nokia may publish these contact details or provide them to third parties
- you agree to immediately (but at least within 48 hours of any change) update your contact details
 - you agree that any change or update to your contact details may be subject to prior approval by Nokia
 - Nokia reserves the right to periodically verify your contact details, and to cancel, suspend, or revoke your domain name registration for any non-compliance with the .NOKIA TLD Registration Policy or .NOKIA TLD T&Cs including your obligation to provide accurate and current contact details
 - you agree to indemnify and hold Nokia harmless for any communication failure due to your provision of inaccurate contact details
 - you understand that Nokia disclaims all liability for any communication failure due to your provision of inaccurate contact details
- you understand and agree that if relevant, and in appropriate circumstances, the publicly-available Whois information for .NOKIA domain name registrations may reflect Nokia as the domain name registrant
- you will not distribute malware or operate botnets, or engage in phishing, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or any other activity contrary to applicable law
- you agree that for certain aspects of the management of the .NOKIA Top Level Domain, for example a rapid takedown process, Nokia may delegate certain functions to an agent such as its Registry Services Provider
- you agree to the applicability of ICANN-mandated Rights Protection Mechanisms, including
 - the Uniform Domain Name Dispute Resolution Policy (UDRP); the UDRP and rules are located at: www.icann.org/dndr/udrp/policy.htm
 - the Uniform Rapid Suspension system (URS); the URS and rules are located at: <http://newqtlds.icann.org/en/applicants/urs>

YOU ALSO AGREE TO THE APPLICABILITY OF *NOKIA'S SERVICE TERMS*, WHICH ARE INCORPORATED HEREIN, AND WHICH ARE AVAILABLE AT [HTTP://COMPANY.NOKIA.COM/EN/TERMS](http://COMPANY.NOKIA.COM/EN/TERMS), INCLUDING IN PARTICULAR BUT WITHOUT LIMITATION AS TO INDEMNIFICATION AND LIMITATION OF LIABILITY.

You agree that Nokia reserves the right, in its sole discretion, to suspend, lock, cancel, revoke, or otherwise alter any .NOKIA domain name registration including by making changes to DNS settings or taking any other action (including any actions made possible in the future by changes in DNS-related technical protocols or otherwise) deemed necessary by Nokia in its sole discretion: (i) to protect the interests of Nokia; (ii) to comply with any laws, court or law enforcement requests, or any dispute resolution process including ICANN rights protection mechanisms; (iii) to avoid any civil or criminal liability against Nokia or its Affiliates, subsidiaries, officers, directors, employees, agents, consultants, or contractors; (iv) pursuant to the .NOKIA TLD Registration Policy or .NOKIA TLD T&Cs; or, (v) to remedy any error in connection with a .NOKIA domain name registration; or (vi) as otherwise deemed necessary by Nokia in its sole discretion.

Acceptable Use

For example, but without limitation, by registering a .NOKIA domain name, or by asking us to maintain or renew a .NOKIA domain name registration:

- you represent and warrant that you will not distribute malware or operate botnets, or engage in phishing, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or any other activity contrary to applicable law
- you acknowledge and agree that it is your responsibility to determine whether your domain name registration does or may infringe or violate the rights of a third party or applicable law
- you warrant and represent that your registration or use of a .NOKIA domain name does not and will not:
 - give rise to any morally objectionable or otherwise socially questionable conduct, according to Nokia's sole standards and values;
 - violate any applicable laws or regulations
 - in any way harm the reputation or goals and operating principles of Nokia, including (without limitation) respect, integrity, simplicity and optimism.

You further agree that Nokia may, in its sole discretion, lock, suspend, cancel, revoke, or otherwise take (or require you to take) remedial action to cure any breach of the .NOKIA TLD Registration Policy or .NOKIA TLD T&Cs if your registration or use of a .NOKIA domain name violates the .NOKIA TLD Registration Policy or .NOKIA TLD T&Cs or applicable law, or otherwise violates standards of conduct deemed acceptable to Nokia in its sole discretion.

By registering a .NOKIA domain name, or by asking us to maintain or renew a .NOKIA domain name registration, you agree to use any technical and operations protocols required by Nokia in its sole discretion. These may include: DNS; NameServer; URL redirection policy; SSL certificates; web page or email format rules. Any failure to comply with these acceptable use standards may be considered a breach of the .NOKIA TLD Registration Policy or .NOKIA TLD T&Cs and may, in Nokia's sole discretion, be grounds for the suspension, cancellation, or revocation of your .NOKIA domain name registration.

Rapid Takedown Process

In furtherance of Nokia's efforts aimed at abuse prevention and mitigation, or where it appears that a .NOKIA domain name is being used to threaten the stability or security of the .NOKIA Top Level Domain or is a part of a real-time investigation by law enforcement, Nokia may, either on its own initiative or at the request of a third party, initiate a rapid takedown process.

In the event a rapid takedown process is initiated, after assessment by Nokia, the Registrar may be contacted for its cooperation in taking the subject domain name down (by locking or suspending the domain name, or placing it on hold or deleting it), unless a compelling argument is provided by the Registrar to Nokia on which basis the subject domain name may remain in the zone. In either event, if the Registrar has not reacted within 12 hours of Nokia's request, Nokia may place the subject domain name on "ServerHold" or any other status it deems necessary or appropriate. If Nokia determines that the subject domain name is being used to threaten the stability or security of the .NOKIA Top Level Domain or is a part of a real-time investigation by law enforcement, Nokia reserves the right to immediately remove the subject domain name from the zone, in which case Nokia will inform the Registrar of such action being taken.

Abuse Prevention and Mitigation

Nokia will not tolerate abusive or malicious conduct (including, but not limited to: illegal or fraudulent actions, spam, phishing, pharming, distribution of malware, malicious fast flux hosting, botnets, distribution of illegal child sexual images, online sale or distribution of illegal pharmaceuticals) in the .NOKIA Top Level Domain. In addition to any monitoring Nokia may undertake to prevent abusive or malicious conduct, Nokia has established an abuse point of contact for handling complaints or concerns related to any such conduct, which shall also include investigation of and a response to any reports from law enforcement and governmental and quasi-governmental agencies of illegal conduct in connection with the use of the .NOKIA Top Level Domain.

In the event of any suspected abusive or malicious conduct or violation of the .NOKIA TLD Registration Policy, .NOKIA TLD T&Cs or any applicable laws, Nokia may suspend or lock your domain name registration pending resolution of any such suspected violation. Nokia may also initiate a rapid takedown process to handle such complaints or suspected violations.

While respecting privacy and confidentiality, Nokia may periodically conduct technical analyses to assess whether domain names in the .NOKIA Top Level Domain are being used to perpetrate security threats, such as pharming, phishing, malware, or botnets. If Nokia identifies security risks that pose an actual risk of harm, it will notify the Registrar and, if the registrar does not take immediate action, Nokia may suspend the domain name until the matter is resolved.

Nokia or its delegate may remove orphan glue records (see www.icann.org/en/committees/security/sac048.pdf) when provided with written evidence that such records are present in connection with malicious conduct.

Abuse Point of Contact

Inquiries, whether from law enforcement or the general public, related to alleged abusive or malicious conduct in the .NOKIA Top Level Domain should be directed to the .NOKIA Abuse Point of Contact. Complaints may also concern Whois information accuracy, or concerns that a domain name registration is being used to facilitate or promote malware, operation of botnets, phishing, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or otherwise to engage in activity contrary to applicable law.

The .NOKIA Abuse Point of Contact can be reached by email at: abuse_nokia@valideus.com.

Data & Privacy

BY APPLYING TO REGISTER A .NOKIA DOMAIN NAME, OR BY ASKING US TO MAINTAIN OR RENEW A DOMAIN NAME REGISTRATION, YOU AGREE TO THE APPLICABILITY OF THE CURRENT VERSION OF THE PRIVACY POLICY AS DESCRIBED IN THE *NOKIA SERVICE TERMS* AVAILABLE AT [HTTP://COMPANY.NOKIA.COM/EN/PRIVACY](http://COMPANY.NOKIA.COM/EN/PRIVACY).

You agree that Nokia's Whois data requirements require you to provide your complete, accurate, and current contact details in order to undertake a .NOKIA domain name registration; you also agree that, pursuant to its contractual obligations to ICANN or for any reason determined appropriate in its sole discretion, Nokia may publish these contact details or provide them to third parties.

You also agree that ICANN may conduct Whois verification and checks on a statistically significant basis to identify registrations with deliberately false, inaccurate or incomplete Whois data at least twice a year which may result in the Registrar contacting you to solicit accurate and complete Whois contact information.

Disputes

ALL DISPUTES BETWEEN YOU AND NOKIA CONCERNING YOUR REGISTRATION OF A .NOKIA DOMAIN NAME SHALL BE HANDLED ACCORDING TO THE TERMS OF THE *NOKIA SERVICE TERMS*, WITH REFERENCE TO CHOICE OF LAWS, AVAILABLE AT: [HTTP://COMPANY.NOKIA.COM/EN/TERMS](http://COMPANY.NOKIA.COM/EN/TERMS).

All disputes between you and a third party concerning that third party's rights shall be handled according to the terms of the UDRP or URS (see Registration Terms & Conditions), court, or other appropriate adjudicatory system.

(i) UDRP

By registering a .NOKIA domain name, you agree to the applicability of the Uniform Domain Name Dispute Resolution Policy (UDRP); the UDRP policy and rules are located at: www.icann.org/dndr/udrp/policy.htm.

The remedies available for a successful complaint under the UDRP are cancellation or transfer of the domain name to the UDRP filing complainant. In the event of a UDRP decision concerning a .NOKIA domain name, ordering transfer of a domain name to a UDRP complainant, any such transfer can only occur if the prevailing UDRP complainant meets all requirements of the .NOKIA TLD Registration Policy and .NOKIA TLD T&Cs. In the event a prevailing UDRP complainant does not meet the conditions of the .NOKIA TLD Registration Policy and .NOKIA TLD T&Cs including as to eligibility, notwithstanding any UDRP transfer order, Nokia will cancel the subject domain name registration. At Nokia's sole discretion, such cancelled domain name registration may be placed on a "reserved" or "non-resolving" list, or may be made available for registration under the terms of the .NOKIA TLD Registration Policy and .NOKIA TLD T&Cs.

The UDRP is an out-of-court dispute resolution procedure for adjudicating a claim by a third party that your registration and use of a .NOKIA domain name infringes their trademark rights, i.e., your domain name registration is identical or confusingly similar to a trademark in which the third-party complainant has rights, you have no rights or legitimate interests in the domain name, and your registration and use of the domain name are in bad faith; a successful UDRP proceeding would result

in either the cancellation of your domain name, or the transfer of your domain name registration to the complainant.

(ii) URS

By registering a .NOKIA domain name, you agree to the applicability of the Uniform Rapid Suspension system (URS); the URS policy and rules are located at:

<http://newgtlds.icann.org/en/applicants/urs>.

The URS is an out-of-court dispute resolution procedure for adjudicating a claim by a third party that your registration and use of a .NOKIA domain name infringes their trademark rights, i.e., your domain name registration is identical or confusingly similar to a trademark in which the third-party complainant has rights, you have no rights or legitimate interests in the domain name, and your registration and use of the domain name are in bad faith; a successful UDRP proceeding would result in the suspension/cancellation of your domain name for the duration of the registration period (with the complainant having the option of paying to extend that suspension for one year).

Trademark Claims

For the first 90 days after the .NOKIA Top Level Domain is open for general registration (the “Trademark Claims Period”), an attempt to register a domain name that is an Identical Match to a Clearinghouse-validated mark will trigger a Trademark Claims Notice (see Annex). Upon a registrant’s confirmation that they have received and understand Trademark Claims Notice, and that to the best of their knowledge the registration and use of the requested domain name will not infringe the trademark rights listed in the Trademark Claims Notice, a request for registration will be managed by Nokia in accordance with the .NOKIA TLD Registration Policy.

If, pursuant to the .NOKIA TLD Registration Policy, a request to register a .NOKIA domain name which is an Identical Match to a Clearinghouse-validated mark is eligible and subsequently registered, Nokia or the Registrar will notify the relevant mark holders(s) of the registration.

For purposes of .NOKIA Trademark Claims Nokia will recognise and honour all word marks that have been or are:

(i) nationally or regionally registered;

(ii) court-validated; or

(iii) specifically protected by a statute or treaty in effect at the time the mark is submitted to the Clearinghouse for inclusion – for purposes of Trademark Claims no demonstration of use is required.

Annex - Trademark Claims Notice

TRADEMARK NOTICE

[In English and the language of the registration agreement]

You have received this Trademark Notice because you have applied for a domain name which matches at least one trademark record submitted to the Trademark Clearinghouse.

YOU MAY OR MAY NOT BE ENTITLED TO REGISTER THE DOMAIN NAME DEPENDING ON YOUR INTENDED USE AND WHETHER IT IS THE SAME OR SIGNIFICANTLY OVERLAPS WITH THE TRADEMARKS LISTED BELOW. YOUR RIGHTS TO REGISTER THIS DOMAIN NAME MAY OR MAY NOT BE PROTECTED AS NONCOMMERCIAL USE OR "FAIR USE" BY THE LAWS OF YOUR COUNTRY.

Please read the trademark information below carefully, including the trademarks, jurisdictions, and goods and services for which the trademarks are registered. Please be aware that not all jurisdictions review trademark applications closely, so some of the trademark information below may exist in a national or regional registry which does not conduct a thorough or substantive review of trademark rights prior to registration. If you have questions, you may want to consult an attorney or legal expert on trademarks and intellectual property for guidance.

If you continue with this registration, you represent that, you have received and you understand this notice and to the best of your knowledge, your registration and use of the requested domain name will not infringe on the trademark rights listed below. The following *[number]* marks are listed in the Trademark Clearinghouse:

1. Mark: <tmNotice:markName> Jurisdiction: <tmNotice:jurDesc>
