[.TEVA TLD Domain Name Terms and Conditions](#)

This .TEVA TLD Domain Name Terms and Conditions (.TEVA TLD T&Cs) sets out the terms and conditions governing the registration and use of domain names in the .TEVA Top Level Domain.

The .TEVA TLD T&Cs may be updated periodically, without prior notice. The current version can be found at *nic.teva/policies*, and continued registration or use of a .TEVA domain name after any update constitutes acceptance of the current version. The only remedy in case of any disagreement with the current terms of the .TEVA TLD T&Cs is to cancel your domain name registration.

The .TEVA TLD T&Cs are to be read in conjunction with the .TEVA TLD Registration Policy. No other agreements or representations supplement or alter the terms of the .TEVA TLD T&Cs, except as expressly incorporated herein.

Any undefined capitalised term in the .TEVA TLD T&Cs shall have the meaning set out in the ICANN Registry Agreement applicable to the .TEVA Top Level Domain, available at www.icann.org/resources/agreement/teva-2015-07-02-en.

General/Definitions

Abuse Point of Contact means the .TEVA Top Level Domain's abuse response team, which can be contacted at *abuse_teva@valideus.com*.

ICANN means the Internet Corporation for Assigned Names and Numbers.

Identical Match means that the domain name consists of the complete and identical textual elements of a Trademark Clearinghouse-validated trade mark. In this regard, marks which would be identical to Trademark Clearinghouse-validated trademarks but for the following amendments qualify as Identical Matches: (a) spaces contained within a mark that are either replaced by hyphens or omitted; (b) only certain special characters contained within a trade mark are spelled out with appropriate words describing it (“@” and “&”); and (c) punctuation or special characters contained within a mark that are unable to be used in a second-level domain name may be either (i) omitted or (ii) replaced by a hyphen. A mark does not qualify as an Identical Match where it is a plural or “marks contained” (ie “brandx” in “brandxproducts”).

Registrar means an ICANN-accredited registrar authorized to provide domain name registration services in the .TEVA TLD.

Registry Services Provider means the entity providing back-end technical and operational services for the .TEVA Registry, in this case, Neustar.

Teva (or “we” or “us”) means Teva Pharmaceutical Industries Limited.

.TEVA means the .TEVA Top Level Domain.

.TEVA TLD Registration Policy means the .TEVA Domain Name Registration Policy which sets out the eligibility criteria for domain names in the .TEVA Top Level Domain.

.TEVA TLD T&Cs means the .TEVA Domain TLD Terms and Conditions which sets out the terms and conditions governing the registration and use of domain names in the .TEVA Top Level Domain, and

which incorporates, as relevant, the Teva Terms of Service as posted at http://tevapharm.com/legal_notes/

Top Level Domain means the final characters after the dot in a domain name; in the case of “nic.teva”, this is “.teva”.

Trademark Claims means the process whereby notice is given to a prospective domain name registrant concerning the scope of the rights of a trade mark owner whose mark is an Identical Match to the requested domain name, and whereby the prospective registrant warrants that: (i) they have received notification that the mark(s) is included in the Trademark Clearinghouse; (ii) they have received and understood the notice; and (iii) to the best of their knowledge, the registration and use of the requested domain name will not infringe the rights that are the subject of the notice. If the domain name is registered subsequent to the notice being issued and the registrant attesting to its non-infringement, the Registrar or the Trademark Clearinghouse will notify the trade mark owner.

Trademark Clearinghouse means the central storage repository of validated (authenticated) trade mark rights-related data and information for dissemination with respect to trade mark rights protection mechanisms and other registry-related services mandated by ICANN and currently run by Deloitte.

You or your means an individual or entity seeking to initiate registration of a .TEVA domain name, or if allowed, the domain name registrant.

Terms used in the singular or plural are merely for convenience, and shall apply mutatis mutandis, as the context may require.

All communications and information under this .TEVA TLD T&Cs shall be in English.

Rapid Takedown Process

In furtherance of Teva's efforts aimed at abuse prevention and mitigation, or where it appears that a .TEVA domain name is being used to threaten the stability or security of the .TEVA Top Level Domain or is a part of a real-time investigation by law enforcement, Teva may, either on its own initiative or at the request of a third party, initiate a rapid takedown process.

In the event a rapid takedown process is initiated, after assessment by Teva, the Registrar may be contacted for its cooperation in taking the subject domain name down (by locking or suspending the domain name, or placing it on hold or deleting it), unless a compelling argument is provided by the Registrar to Teva on which basis the subject domain name may remain in the zone. In either event, if the Registrar has not reacted within 12 hours of Teva's request, Teva may place the subject domain name on "ServerHold" or any other status it deems necessary or appropriate. If Teva determines that the subject domain name is being used to threaten the stability or security of the .TEVA Top Level Domain or is a part of a real-time investigation by law enforcement, Teva reserves the right to immediately remove the subject domain name from the zone, in which case Teva will inform the Registrar of such action being taken.

Abuse Prevention and Mitigation

Teva will not tolerate abusive or malicious conduct (including, but not limited to: illegal or fraudulent actions, spam, phishing, pharming, distribution of malware, malicious fast flux hosting, botnets, distribution of illegal child sexual images, online sale or distribution of illegal pharmaceuticals) in the .TEVA Top Level Domain. In addition to any monitoring Teva may undertake to prevent abusive or malicious conduct, Teva has established an Abuse Point of Contact for handling complaints or concerns related to any such conduct, which shall also include investigation of and a response to any reports from law enforcement and governmental and quasi-governmental agencies of illegal conduct in connection with the use of the .TEVA Top Level Domain.

In the event of any suspected abusive or malicious conduct or violation of the .TEVA TLD Registration Policy, the .TEVA TLD T&Cs or any applicable laws, Teva may suspend or lock your domain name registration pending resolution of any such suspected violation. Teva may also initiate a rapid takedown process to handle such complaints or suspected violations.

While respecting privacy and confidentiality, Teva may periodically conduct technical analyses to assess whether domain names in the .TEVA Top Level Domain are being used to perpetrate security

threats, such as pharming, phishing, malware, or botnets. If Teva identifies security risks that pose an actual risk of harm, it will notify the Registrar and, if the registrar does not take immediate action, Teva may suspend the domain name until the matter is resolved.

Teva or its delegate may remove orphan glue records (see www.icann.org/en/committees/security/sac048.pdf) when provided with written evidence that such records are present in connection with malicious conduct.

Abuse Point of Contact

Inquiries, whether from law enforcement or the general public, related to alleged abusive or malicious conduct in the .TEVA Top Level Domain should be directed to the .TEVA Abuse Point of Contact. Complaints may also concern Whois information accuracy, or concerns that a domain name registration is being used to facilitate or promote malware, operation of botnets, phishing, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or otherwise to engage in activity contrary to applicable law.

The .TEVA Abuse Point of Contact can be reached by email at: abuse_teva@valideus.com.

Data & Privacy

You agree that Teva's Whois data requirements require you to provide your complete, accurate, and current contact details in order to undertake a .TEVA domain name registration; you also agree that, pursuant to its contractual obligations to ICANN or for any reason determined appropriate in its sole discretion, Teva may publish these contact details or provide them to third parties.

You also agree that ICANN may conduct Whois verification and checks on a statistically significant basis to identify registrations with deliberately false, inaccurate or incomplete Whois data at least twice a year which may result in the Registrar contacting you to solicit accurate and complete Whois contact information.

Disputes

All disputes between you and Teva concerning your registration of a .TEVA domain name shall be handled according to the terms of the Teva Terms of Service, available at: http://tevapharm.com/legal_notes/

All disputes between you and a third party concerning that third party's rights shall be handled according to the terms of the UDRP or URS (see below), court, or other appropriate adjudicatory system.

(i) UDRP

By registering a .TEVA domain name, you agree to the applicability of the Uniform Domain Name Dispute Resolution Policy (UDRP); the UDRP policy and rules are located at: www.icann.org/dndr/udrp/policy.htm.

The remedies available for a successful complaint under the UDRP are cancellation or transfer of the domain name to the UDRP filing complainant. In the event of a UDRP decision concerning a .TEVA domain name, ordering transfer of a domain name to a UDRP complainant, any such transfer can only occur if the prevailing UDRP complainant meets all requirements of the .TEVA TLD Registration Policy and .TEVA TLD T&Cs. In the event a prevailing UDRP complainant does not meet the conditions of the TEVA TLD Registration Policy and .TEVA TLD T&Cs, notwithstanding any UDRP transfer order, Teva will cancel the subject domain name registration. At Teva's sole discretion, such cancelled domain name registration may be placed on a "reserved" or "non-resolving" list, or may be made available for registration under the terms of the TEVA TLD Registration Policy and .TEVA TLD T&Cs.

(ii) URS

By registering a .TEVA domain name, you agree to the applicability of the Uniform Rapid Suspension system (URS); the URS policy and rules are located at: <http://newgtlds.icann.org/en/applicants/urs>.

Trademark Claims

For the first 90 days after the .TEVA Top Level Domain is open for general registration (the "Trademark Claims Period"), an attempt to register a domain name that is an Identical Match to a Clearinghouse-validated mark will trigger a Trademark Claims Notice (see Annex). Upon a registrant's confirmation that they have received and understand Trademark Claims Notice, and that to the best of their knowledge the registration and use of the requested domain name will not infringe the trademark rights listed in the Trademark Claims Notice, a request for registration will be managed by Teva in accordance with the .TEVA TLD Registration Policy.

If, pursuant to the .TEVA TLD Registration Policy, a request to register a .TEVA domain name which is an Identical Match to a Clearinghouse-validated mark is eligible and subsequently registered, Teva or the Registrar will notify the relevant mark holders(s) of the registration.

For purposes of .TEVA Trademark Claims Teva will recognise and honour all word marks that have been or are:

(i) nationally or regionally registered;

(ii) court-validated; or

(iii) specifically protected by a statute or treaty in effect at the time the mark is submitted to the Clearinghouse for inclusion – for purposes of Trademark Claims no demonstration of use is required.
